## GENERAL INFORMATION

---

### LOCATION

---

The Junior College is located a little less than a half mile west of the depot at Goodman, in the Eastern part of Holmes County and on the main line of the Illinois Central Railway between Jackson and Memphis.

Holmes County is recognized as one of the leading counties of the state. Carroll County, to the north, joined Holmes in the support of the school to allow free tuition to boys and girls from the county. Besides these two counties, the school is located at such point that it is easily accessible to students from Attala, Yazoo, Madison, Montgomery, and Choctaw.

The location is ideal in every respect for such a school. While we have the convenience of town, we enjoy all the benefits of a rural environment. There are not attractions in town to entice the student away from the campus. The citizens of the town have a commendable pride in the school. They have always extended a cordial welcome to the students—"Our boys and girls," they call them—and have shown that the town environment is favorable for the school.

---

### HISTORY

---

The Holmes County Agricultural High School, established twenty years ago, has a history of which the management and citizens of the county have a right to be justly proud. Beginning with one building and a small enrollment, the plant has been enlarged until today it stands as one of the best Junior Colleges in the state. The attendance has steadily increased. During the session just closed the High School department maintained previous enrollment and the college department made great increase, reaching 259 students taking college work.

## SOME ADVANTAGES OF A JUNIOR COLLEGE

---

- A. Smaller classes allow better instruction.
- B. Close association between students and teachers.
- C. Affords bridge for the gap between the college and high school.
- E. Individual development.

---

## FINANCIAL SUPPORT

---

The large part of finance to Holmes Junior College comes from the county in which the institution is located. Holmes County has been entirely responsible for the plant now valued at \$250,000.00. Carroll County co-operated in maintenance of the school. This gives free tuition to all students from Carroll County. The State Legislature has made appropriations for Junior Colleges. One half of this distribution is made equally among the Junior Colleges and the other fifty per cent is distributed on per capital basis.

## SCHOOL PLANT

---

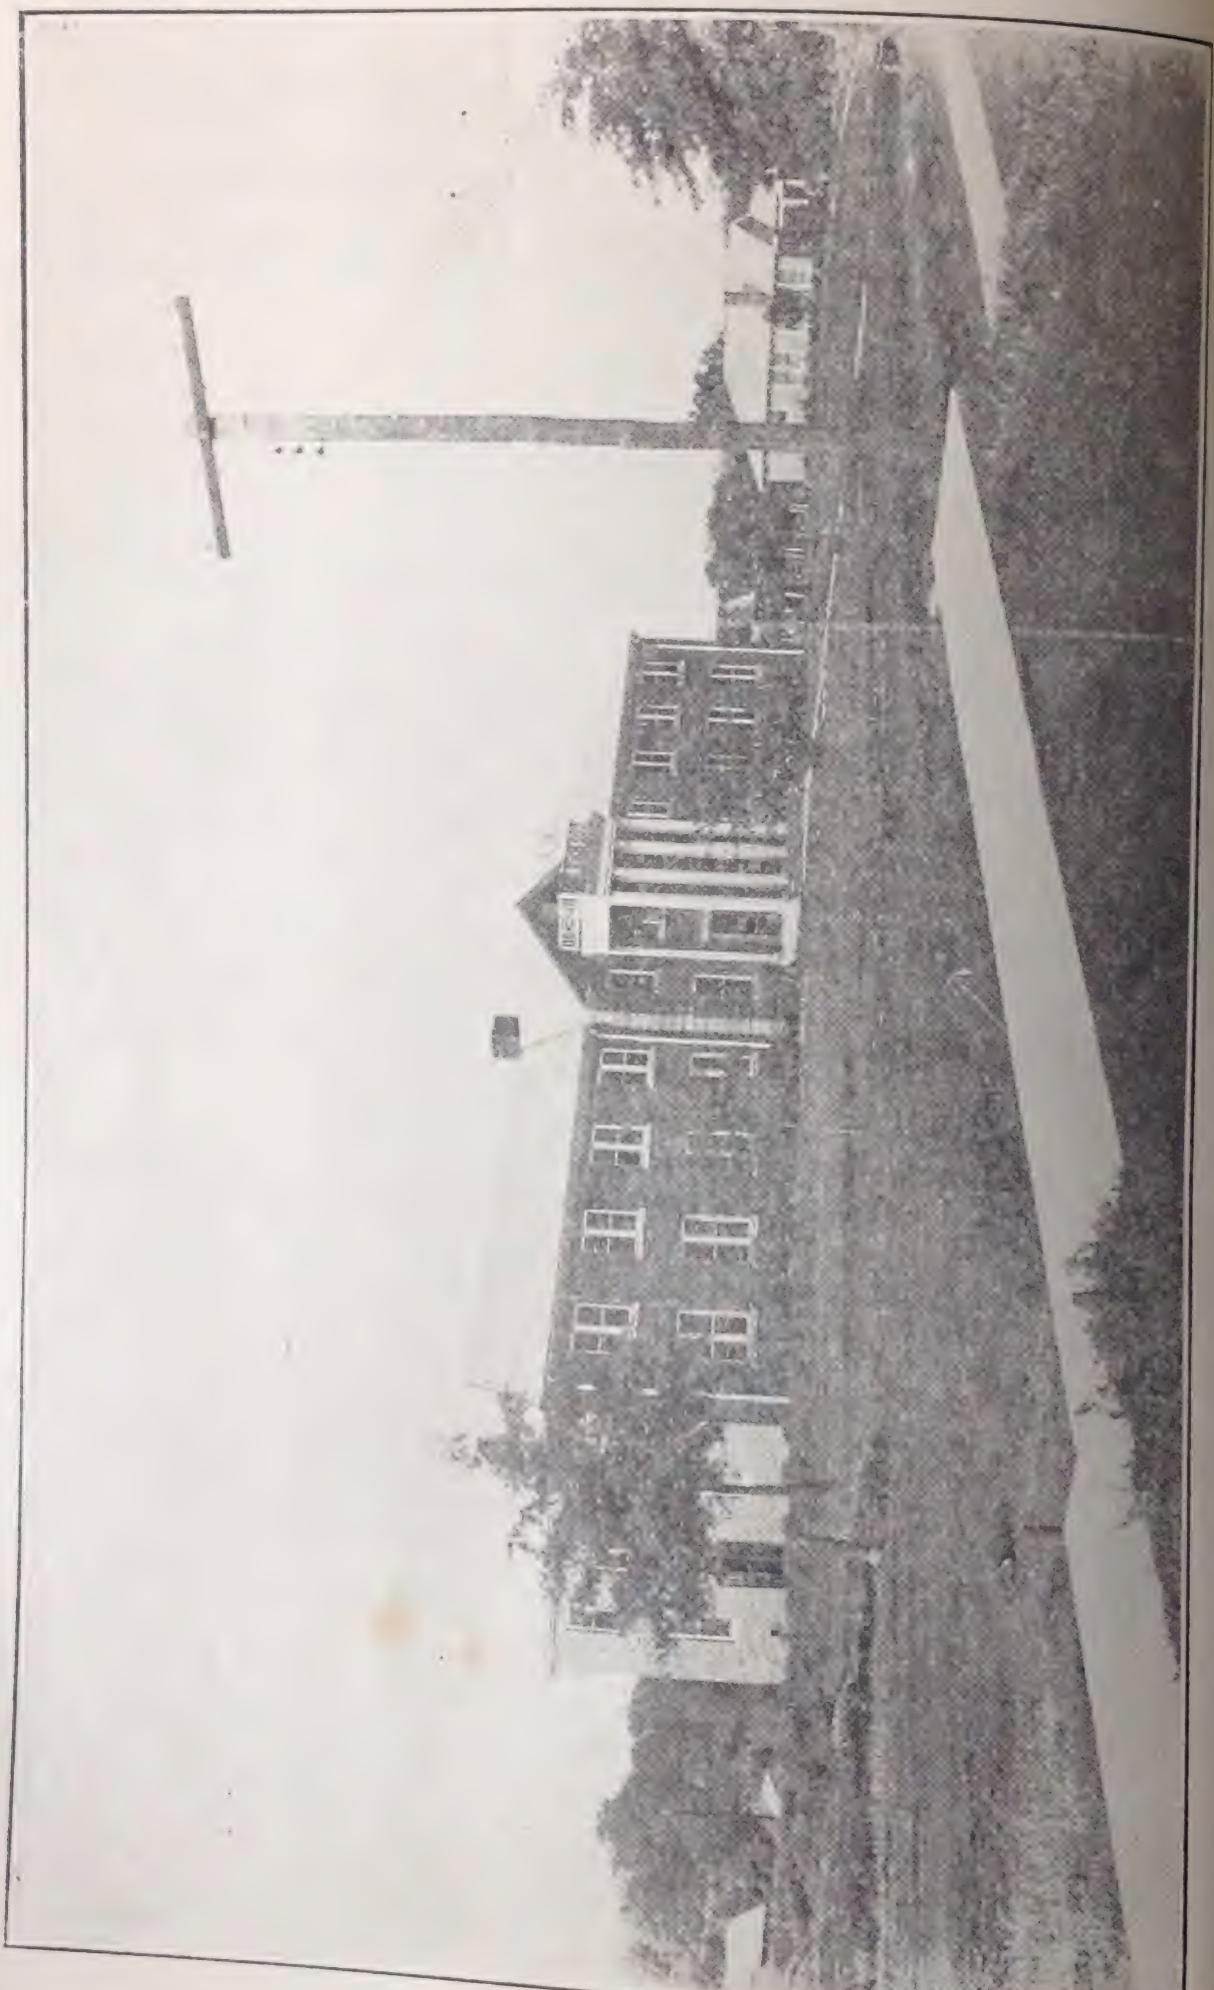

### Building and Equipment

There are six main buildings: The Administration Building, the College Girl's Dormitory, High School Girls' Dormitory, Boys' Dormitory, Agriculture Building, and Home Economics Building. These are brick buildings and have all modern conveniences, such as, steam heat, electric lights, sanitary closets and bath equipment. All buildings are screened throughout. Our Gymnasium, a frame building, built by the students, was made during the session of 1928-'29. The Superintendent's Home also a frame building, is very attractive and adds to appearance of plant.

### The Farm

The school farm consists of 80 acres of land conveniently located which is used for growing vegetables, raising feed crops and grazing. It furnishes an effective laboratory for the teaching of agriculture.

A modern dairy barn, with concrete floor, steel stanchions, and other appliances furnish practical work in dairying. A splendid herd of registered Jersey cattle is owned

DORMITORY FOR MEN

by the school. Milk from the dairy is used at the dormitory.

Two breeds of hogs in the school herd are from the Scissors strain of Duroc and were procured from the James herd at Charleston, and big bone Poland China.

A two-acre orchard is being grown. This, in addition to supplying work in horticulture, will furnish fruit for eating and canning.

A well-conducted poultry department is maintained. Two breeders are used—the White Leghorn from the Ferris strain and the Barred Rock. The incubator and brooder are used and students are given practical lessons in poultrying.

An effort is made to have the very best garden possible at all times of the year.

The activities undertaken in the conduct of the farm affords an object lesson in teaching and furnish projects for vitalizing the work of the classroom. Every farm in Holmes County should have at least these activities in successful operation.

---

### Library

The library is located on the third floor of the Administration Building. Nearly half of the third floor is used for this purpose. It is well lighted and ventilated. It contains more than 3400 volumes in the stack room and in the shelves along the walls of the reading room. Comprehensive material may be found here on any subject. Unabridged dictionaries, encyclopedias, and numerous reference sets are accessible to all students. Local, State and National newspapers and magazines are not to be taken from the library; books may be taken out from one to seven days without charge, provided they are returned in due time. A full time librarian is employed.

---

### The Laboratories

The Chemical and Biological Laboratories are located on the basement floor of the Administration Building. Each is a large room, well lighted and ventilated. Gas and water are available. Standard equipment is used in these laboratories and is sufficient for the courses afforded.

The Agricultural and Home Economics Laboratories

are housed separately in two very beautiful buildings which are fully equipped for work in these departments.

---

### Extension Work

We wish the school to serve all the agricultural interests of the county, and we stand ready to assist any one in the county in all ways within our power. If you ask us to do something we are not prepared to do, we shall find the fellow who will be able to serve you without cost to you.

We have a leveling instrument and are prepared to terrace land, to locate ditches, and shall be glad to send capable students to any part of the county without cost to the farmers, except transportation. We shall also, be glad to test seeds, make tests of milk showing quantity of butter fat, assist in laying out farms and making suggestions for crop rotation. We can lay out, prune and spray your orchard; vaccinate and inoculate your cattle and hogs. We can plan and assist you to install light and water plants in your homes. Our Education, Agriculture and Home-Science departments take pleasure in helping teachers and parents to solve their problems.

---

### Student Labor

All the work of the school and farm is done by the students. Besides the practical work in Agriculture required by the state, students may work extra time for which they will be paid at the rate of 10 cents an hour. In extra work we put the matter on a business basis and expect an hour's work for an hour's pay. Preference will be given efficient, willing workers. This plan offers industrious fellows the opportunities to earn a part of their expenses by their own efforts.

The dignity of labor is one of the lessons we of the South need to learn and one of the most important functions of the school is to dignify manual labor and ennoble the laborer. We shall not have anyone connected with the school in any way who does not enter heartily into the spirit and set a good example. An idle person will not find a congenial atmosphere here.

A number of regular jobs are open to boys and girls who wish to earn a part of their expenses. Application

for these should be made to the superintendent. A student must maintain a good literary and conduct record in order to have a working scholarship.

### Accredited Relations

Holmes Junior College is fully accredited by the State Commissions on Junior Colleges which assures a student the recognition on all credits made in this school. Requirements for entering different fields of study vary and by all means a student should strive to know his chosen field in order that little time and credit would be lost by transfer from high school to college and from junior college to a higher institution.

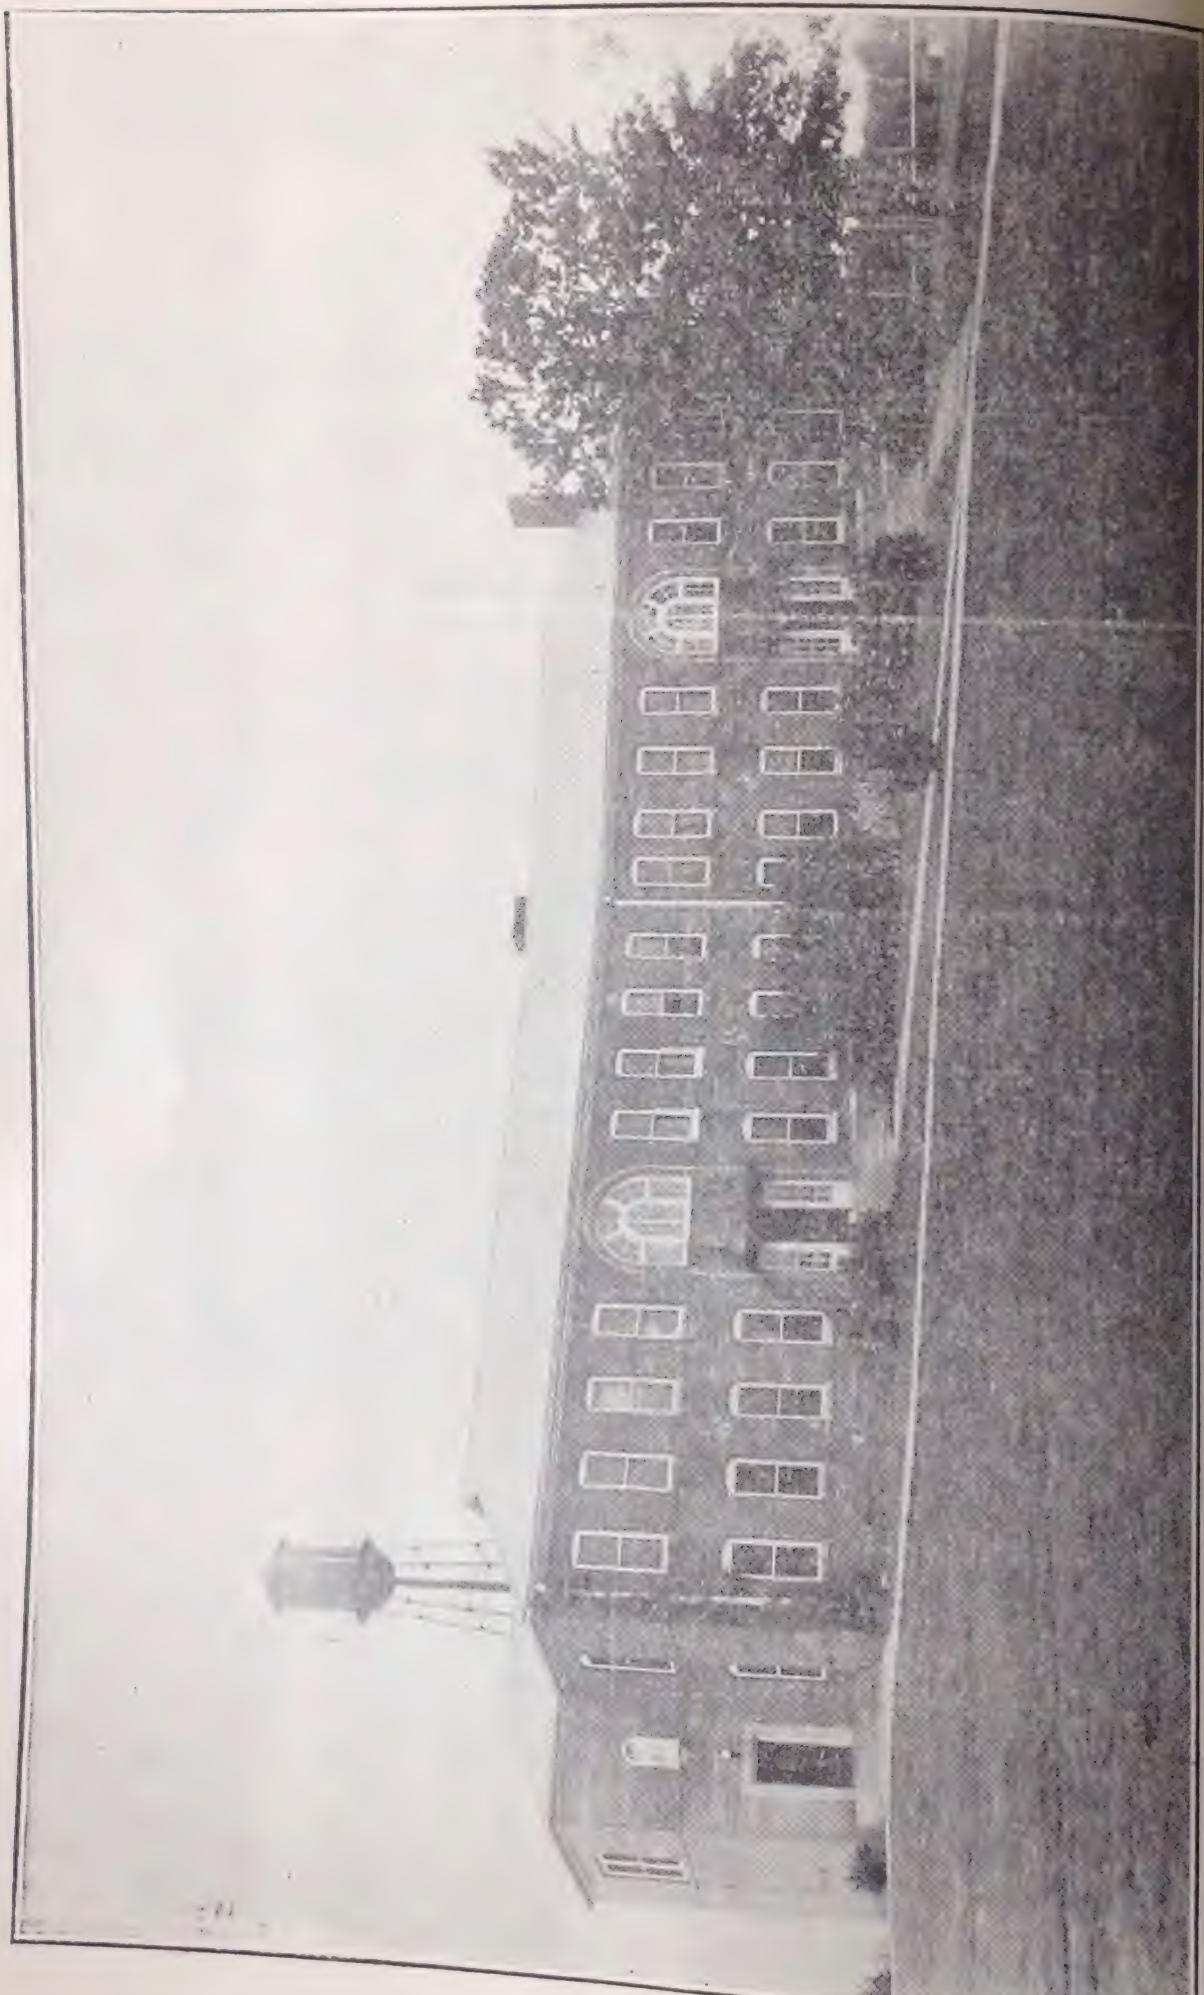

## DETAILED INFORMATION

### ENTRANCE REQUIREMENTS

Any boy or girl in good health and of good moral character, who has completed satisfactorily the work of the 9th grade or at least 3 units is eligible for admission to our high school department.

Full credit is given for work done in any accredited high school. A transcript properly made out should be presented at the opening of the session. Those who come from schools not accredited validate their units by examination or take subjects over as new. Such special examinations are given during the tenth week of school. A student must be making a creditable showing in his work in order to be given such test: His classification will not be determined until work is properly validated.

All students on entering will be required to sign the following pledge: "I hereby promise on my honor that while a student of the Holmes County Agricultural High School and Junior College, not to have in my possession any kind of fire arms; nor to drink or bring on the campus any form of intoxicating drink; not to engage in 'hazing' or other maltreatment of a fellow student; that I will not leave the school grounds without the permission of the dean, matron, or faculty member who is serving in their stead."

GIRLS' DORMITORY AND DINING HALL

## EXPENSES

---

Expenses are paid in advance and monthly statements are not sent out by the college unless requested.

Matriculation Fee, paid by all students	\$ 5.00
Student Activities Feed, paid by all students	5.00
Board per month of four weeks (dormitory students)	12.50
Medical Fee (dormitory students) session	1.00
Laboratory Fee (students in chemistry or biology) session	2.00
Commercial (students in typing and shorthand) session	2.00
Piano, per month	4.00
Band, per month	2.00
Expression, per month	4.00

Graduation Charge—college students are charged with a graduation fee of \$5.00 and high school students fee of \$1.00 during second semester of their senior year. This takes care of diploma cost, and for college students cost of caps and gowns.

A notice must be sent from parents to the office if check drawn by students against parents' accounts is to be honored.

No tuition is charged students from Holmes and Carroll counties. Students from adjoining counties that have joined with Holmes in Junior College program according to Senate Bill 131 are admitted without tuition charge. Students from other counties will pay \$25.00 per session which may be paid in two installments of \$12.50 at the beginning of each semester.

The matriculation fee of \$5.00 should be sent in at once to insure room reservation.

Students who leave before the close of the month will be charged full time unless absent 10 days, and then only when absence is due to sickness. Meal tickets at 25c each are available for visitors.

The low cost for room and board makes it impossible to allow luxuries. The rooms are fitted with one light, using 75 watt bulb. For students who need and desire more than one bulb must secure permit from office. The same permit must be secured by those using appliances as irons,

hot plates, radios, fans, and the like. A charge of \$2.50 per month will be made for these.

---

## SCHOLARSHIPS

---

The school offers working scholarships, as diningroom waitress and custodians of buildings, to worthy girls and boys. These carry an amount sufficient to pay for one-third to one-half of the student's board. In order to hold one of these scholarships the student must make passing grades in his work and must show himself to be loyal in every respect. No student need apply for working scholarship if he expects to visit off campus more than once each term of nine weeks.

---

## FEDERATED CLUB SCHOLARSHIP

---

The Holmes County Federation of Women's Clubs offers one whole or two half scholarships to girls. Applicants from the rural section of Holmes County will be given preference. The committee may use its discretion in choosing applicants from rural sections of Carroll and Attala Counties. Moral character and scholarship shall be considered in making the award.

Application for one of these scholarships must be mailed by July 1st, to Mrs. W. G. Brock, West, Mississippi. Successful applicants will be notified August 1st.

---

## MEDALS AND TROPHIES

---

The Interstate Bank and Trust Company of New Orleans, La., gives each year a medal to the writer of the best essay on an assigned subject. The contest is open only to the members of the twelfth grade.

The Honor Student medal is given each year to a member of the twelfth grade. The winner of this medal is determined by the following points: Scholarship, School Activities, (band, athletics, glee club, literary society, religious organizations) and attitudes and loyalty to the school.

The M. C. McDaniel trophy in debate is given to the literary society winning the inter-society debate.

## GENERAL REGULATIONS

---

1. Each student is expected to register, get classified and meet classes immediately after he arrives.
2. Each student is expected to be in his or her room during study hours.
3. Every student is expected to report to all meals and on time unless reported sick.
4. Students who leave campus at times other than when general permission is given is expected to obtain special permission.
5. High school students report to study hall during vacant periods.
6. Students under 20 years of age unless responsible for own expenses must have written permission from parents or guardians if they wish to visit off campus.
7. Smoking except in rooms will not be permitted.
8. Students under 20 years of age unless responsible for own expenses cannot withdraw except by written consent of parents.
9. Friends who visit for meals or to spend night in dormitory should report to matron or dean. Students who entertain visitors in dormitory without knowledge of dean will be subject to suspension. Guests will be expected to observe dormitory regulations.
10. In returning to campus from visits, etc., girls are expected to come directly to the college before dusk and boys not later than 10 p. m.

---

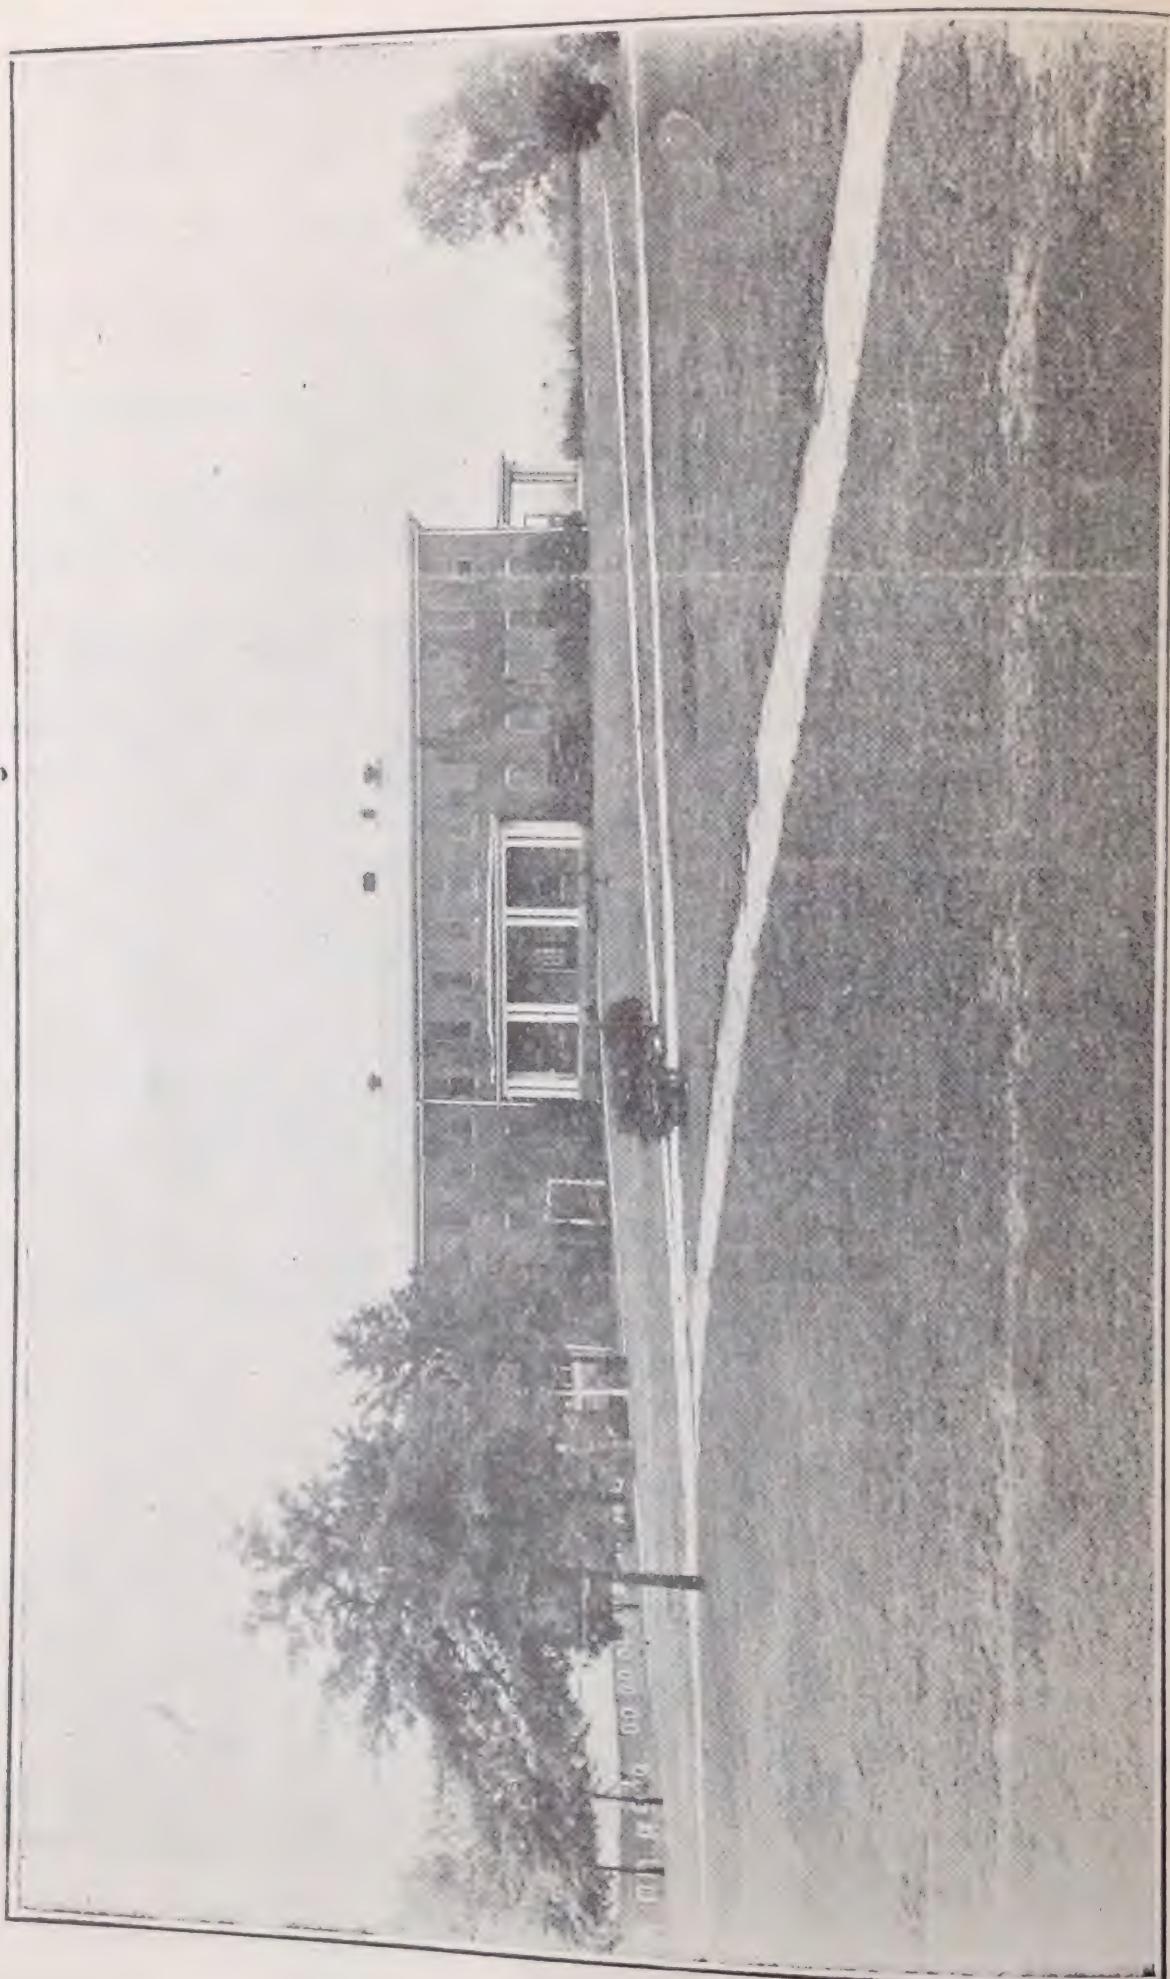

## BOARDING DEPARTMENT

---

The boarding department will be under the immediate supervision of the superintendent, dean and teachers.. It will be our purpose to give the students committed to our care the comforts and attention of well-regulated Christian homes and to make this an entirely safe place for them.

The teachers live with the students in the dormitories and supervise their work and study. This contact and association makes dormitory life one of the best features of our agricultural high schools and junior colleges.

## HOLMES JUNIOR COLLEGE AND A. H. S.

DORMITORY FOR WOMEN

## ROOMS AND ROOM-MATES

---

The matriculation fee of \$5.00 is required before any room is reserved; this is not an extra fee. All students pay the fee upon entrance unless it has been sent in to reserve room at an earlier date. Former students are given preference to former rooms until July 15th. After this date rooms may be assigned in order for which they are spoken.

Rooms in dormitory are furnished with single-sized beds, washstands, dressers, chairs and tables. Students are held accountable for the care of the room and all articles therein. Each student is expected to bring with him the following articles:

Two pairs of sheets (single bed size).

One pair of blankets or quilts.

One pair counterpanes.

One pillow.

Two pillow cases.

Towels and toilet articles.

One laundry bag.

One pair sash curtains 36-in. long.

Water glass and spoon.

All articles to be laundered should be marked with the full name of the owner.

One's room-mate is much more to be considered than the room. An undesirable room-mate can make the most desirable room unfit to live in. If any one has preference of room-mates, the authorities are willing to permit them to room with each other, at least until they prove that such is not good for themselves or for the school. Many of the students are unknown to us at the opening of the session and some changes in room-mates are necessary. However, constant changing is not desirable nor permissible.

---

## LAUNDRY

---

A large number of students find convenience for doing own laundry. The charge for operation electric iron on hour basis will be small. There are several laundry women who report to dormitories each Monday morning.

The steam laundry from Kosciusko operates truck to the school twice a week. Cost of laundry varies from thirty to forty cents per week.

---

## DRESS

---

The dress of the students should not be extravagant. Inexpensive clothing kept neat and clean is desirable. Each student is expected to wear own clothing. Borrowing is an expensive, useless and unsanitary habit. Each girl is expected to bring one pair of black bloomers and white blouse for physical education. Each dining room girl is required to have white apron trimmed in maroon. These will be made by the girls the first week of school so that all will be made by the same pattern.

For graduation the college students will use caps and gowns. High school girls will make their own class day dress of voile or organdie and will be allowed only one other commencement dress. These to be made under the direction of home science teacher and class sponsor.

---

## SUNDAY SCHOOL AND CHURCH ATTENDANCE

---

We believe that the Sabbath Day should be used for rest and worship. To this end all students are expected to attend Sunday School and Sunday morning preaching service. They are also encouraged to attend the night service. There are four churches in Goodman as follows: Methodist, Baptist, Presbyterian and Lutheran. All these extend a cordial welcome to students and teachers of the school. Quiet hour for meditation is observed in the dormitories from 2:00 to 3:30 o'clock Sunday afternoon.

Further religious training is obtained in the Hi-Y and Girl Reserves organizations. These afford fine opportunities for spreading a Christian influence. Chapel exercises are also directed toward moral and religious ideals.

---

## DISCIPLINE

---

Education means discipline—discipline of the mind and body. School government should be such as to inspire the

student to the right government of himself. The greatest amount of freedom consistent with good order will be allowed in the direction of individual conduct, and privileges will be withdrawn when abused. It shall be our purpose to instill principles of right conduct and that high regard for the rights of others, so that when our boys and girls become men and women they will be law-respecting and law abiding citizens. The tone and character of our student body are such that we shall return the boys and girls stronger in all good things than when they came to us. If we get the right kind of material we promise to do this. We appreciate the honor system as a strong factor in the formation of good character, yet proper guidance and control will be exercised.

The school is not intended as reformatory refractory boys, and vicious, idle fellows whose influence is injurious to the student body, and who show no disposition to improve their opportunities will not be retained.

---

## BOOKS

---

The college book store is in the administration building where all text book and other school supplies can be purchased. The book store cannot extend credit to students for their supplies.

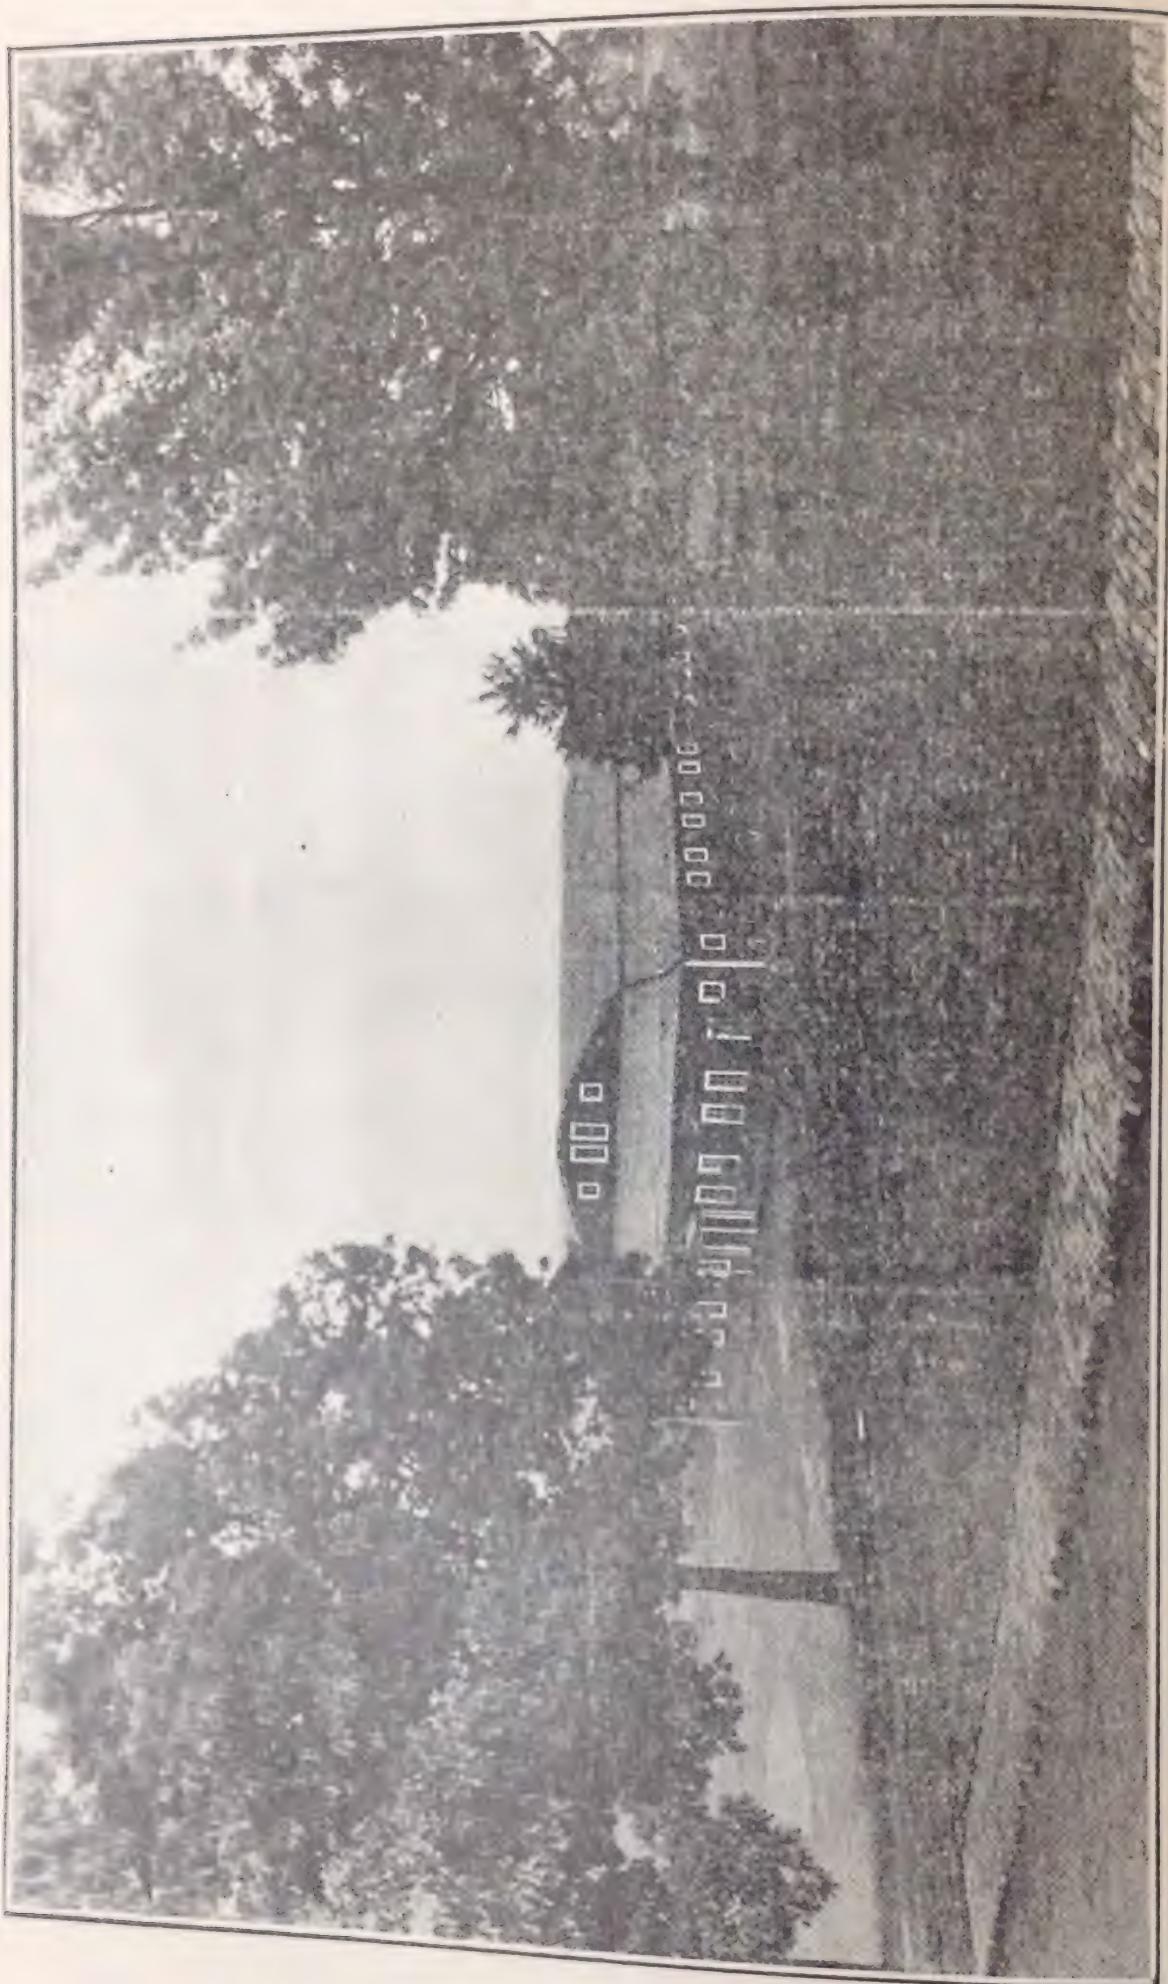

---

## WEEK-END VISITS

---

Experience has proved that it is not best for students to visit home or elsewhere too often. One each six weeks is considered sufficient for regular visits. Permits for leaving on visits should be made from parents to superintendent or dean rather than from students. Girls are allowed to visit only after invitation comes direct from parents into whose home the visit is to be made. All will be expected to observe this suggestion. At any time when students give evidence of poor class work the visiting privilege will be withheld. Parents are expected to co-operate in this matter even if it means that their own child stay from home a week or two longer than expected.

# STUDENT ACTIVITIES

---

## LITERARY SOCIETIES

---

Literary societies are a valuable supplement to the work of any student. There comes a time in the life of every person when he wishes to stand on his feet and express his views on public questions. Lack of training in this important work at the right time proves a serious handicap in life. The program consists of debates, music, declamations, readings, current event items, and other interesting and instructive features. Declamation contests for medals will be arranged to encourage the work. From the interest shown, we confidently expect this line of work to become one of the most helpful of our school.

Fine work and excellent literary society spirit has developed this year. Each student in the college is expected to join and work in one of these societies—the Alethean and the Clio-Phi. The Neka Camon is literary society for high school students.

---

## STUDENT PUBLICATIONS

---

### The Paper—“The Growl”

The College Paper—“The Growl”—suggested by our teams known as “Bull-Dogs” have won its way into the lives of our students and friends and each one eagerly awaits the following issue. Through the columns of the school paper the students find chance to learn the art of news writing at close range.

---

### College Annual

The “Corner Stone” published for the first time during the session of 1928-'29 is creditable to the institution and to those who made it a success. It is a beautiful book and in years to come will remind every one of those good friends and pleasant experiences of college days. Due to economic depression there was no book printed session 1932-'33.

## ATHLETICS

---

Appreciating the value and importance of proper physical development, students are encouraged to engage in open air exercises and outdoor sports. After the day's work in the school room, a time is set apart for exercise and every student will be expected to take some form of physical training. A director has been provided for the boys and one for the training of the girls.

The campus contains a splendid athletic field. We shall have teams in all major sports, also track and tennis. Students representing the school on teams are required to do satisfactory class room work and to conform to all requirements of the State Literary and Athletic Association, of which this school is a member.

The athletic teams are in charge of the faculty and all games are arranged by the teachers. We do not allow participation in sports to conflict with school duties, on the other hand, we get interest, school spirit and efficiency in regular work from these exercises. Every girl should bring one pair of tennis shoes, one pair of dark bloomers (navy blue preferable) and a white blouse for their physical education.

---

## BAND

---

One of the best ways to advertise our school is with a brass band. Our boys have made fine progress during the recent years and can perform creditably. The work is under the direction of a capable instructor. Each one who has an instrument is encouraged to bring it with him. A reasonable charge of \$2.00 per month is made for anyone desiring lessons.

---

## GLEE CLUB

---

The Holmes Junior College Glee Club is under the direction of Miss Mabel Gewin. Regular meetings are held each week. The number of members is limited and is open through tryout, to the student body at large. A fee of 25c per month is charged in order that needed materials can be secured.

## DRAMATIC CLUB

Holmes Junior College has a regularly organized Dramatic Club under the direction of the Expression teacher, Miss Annie Bess Watkins. Membership in this club is made up of those interested not only in acting, but in the other activities of drama and dramatics. Everyone who wishes to become a member is given an opportunity to prove his ability in acting or in any of the varied activities of stage craft.

## RELIGIOUS ORGANIZATIONS

The Y. M. C. A. and Y. W. C. A. for college students and Hi-Y and Girl Reserves for high school students affords a splendid opportunity for worthwhile training. The Epworth League and B. Y. P. U. organizations are active on the school campus.

## SOCIAL LIFE

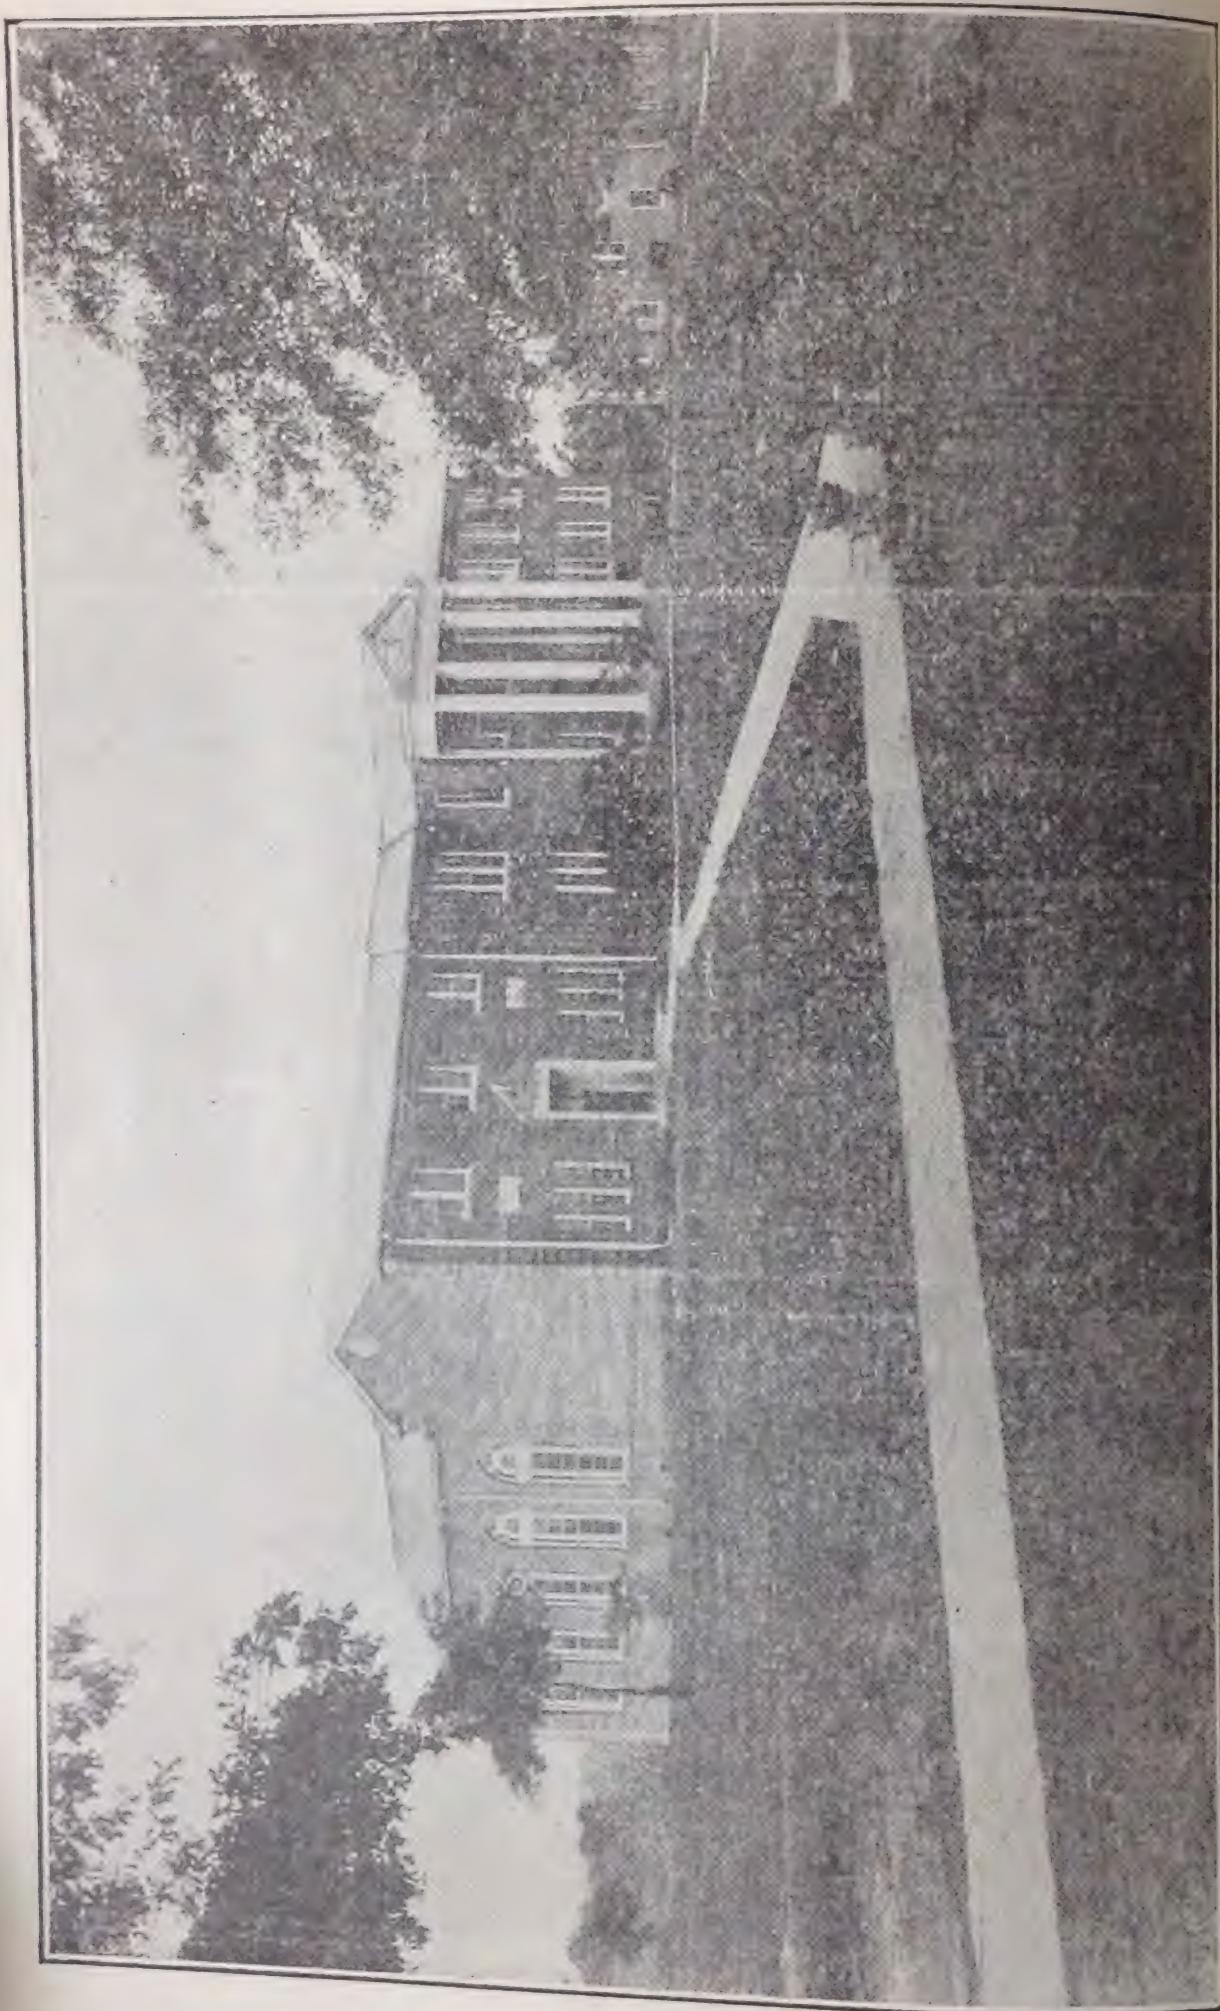

Desirable social and moral atmosphere have more to do with character building than class room work. Our teachers will co-operate in their efforts to provide suitable recreation for the student body, and will take a lively interest in all those activities calculated to supply the demand of their social nature. We shall not retain the services of teachers who prefer to find their social pleasures away from the student body. Association of teachers with the pupils during their out-of-class hours is too valuable an influence for the school to neglect. Parents may rest assured that their sons and daughters will have the best attention and care in this most important phase of school life.

## SCHOLASTIC REGULATIONS

### CREDITS

The credits of the College work is expressed in terms of "semester hours." A subject that carries a value of three semester hours is one that meets three times per

## HOLMES JUNIOR COLLEGE AND A. H. S.

ADMINISTRATION BUILDING

week for 18 weeks. A two semester hour subject meets only twice a week for 18 weeks. First year students are not permitted to carry more than 16 semester hours of work during each half year.

---

## REGISTRATION

---

Students are expected to register and get classified during first two days of the semester. During the first month, within the discretion of the dean, courses may be dropped for the following reasons: over-load, lack of preparation, ill health. After the first month a discontinued subject will be recorded as a failure.

---

## EXAMINATIONS AND CLASSIFICATIONS

---

Two regular examinations will be held during the session—one at the close of each semester. Written tests will be given at close of each nine weeks. Special examinations on subjects conditioned in our school or to validate work done in non-accredited school will be given in the tenth week of school. Definite classification will be made after the tenth week. The basis of classification with minimum units needed is as follows: Tenth grade, 3 units; eleventh grade, 7 units, twelfth grade, 11 units; freshman college, 15 units; sophomore college, 24 semester hours. Exceptions may be made to the amount of one unit or four semester hours in case of seniors who have a chance and expect to graduate the following summer.

Seniors privileged in college department are allowed to students having on record 26 semester hours and 26 honor points at the beginning of the school session. Senior students who meet this requirement by the end of first semester of second year and who have chance of graduating may apply at registrar's office two weeks after second semester begins. Each senior must apply at registrar's office in person and secure senior privilege card. Anyone must have been a resident student at Holmes Junior College for at least nine weeks before such privilege is granted. Students on unsatisfactory list during a period of three weeks will have privileges revoked for next three week period.

## GRADING

---

Grading will be made in letters A, B, C, D, as passing grades and F as failing grade. Grade D is a passing grade but carries no honor point. A student must have honor points equal to the number of semester hours in college or half units of credit in case of high school work that he does in our school in order to graduate. To do this he may earn honor points in activities as well as class work.

The valedictorian and salutatorian honors to twelfth grade students will be based upon highest yearly average of honor points. In case of selecting the honor student from twelfth grade, the one year record will determine the winner.

---

## HONOR POINTS

---

3 honor points for each semester hour with A grade.

2 honor points for each semester hour with B grade.

1 honor point for each semester hour with C grade.

Literary Society Work, Athletics and Physical Education, Band Dramatics, and Glee Club will each be checked as one semester hour courses each semester. College students who earn 150 honor points will be graduated with "Special Honors." One who earn 120 will be graduated with "Honors." High school students who average 24 honor points for each year in attendance will be graduated with "Special Honors" and those who average 16 for each year in attendance will be graduated with "Honors." No student having more than 10 reprimands will be graduated with honors.

---

## ABSENCE FROM CLASS

---

A student should realize from the beginning that he suffers a great loss each time he is absent from class, and also causes his classmates to lose time.

Students may be permitted absence during a semester equal to class meeting of a subject per week. These are allowed in case of illness of less than a week, business off campus, road and weather hindrances. Students who are away representing the school in activities such as Glee Club,

Debates, or Athletics have absences excused, but in all cases make-up work is insisted upon, and in case of announced tests, said student should arrange with instructor before leaving to participate in such activity rather than to wait until after returning.

Unexcused absences count a zero grade against the pupil. Double penalties are given for absences before and after stated college holidays.

---

### SPECIAL PRIVILEGES AND UNSATISFACTORY LISTS

---

The grades of all teachers are turned in every three weeks. From these grades the students who average "B" and who have no reprimands during the three weeks' period make up a special privilege list to be posted in bulletin board. Those who are not passing in at least three subjects or who have as many as three reprimands for misconduct are placed on unsatisfactory list. The students on this list remain on campus and cannot participate in inter-school activities for three weeks following.

---

### COURSE OF STUDY

---

The course of study for Agricultural High Schools is a state adopted course. There are required subjects in each year and electives which are generally vocational.

Sixteen units are required for graduation. Holmes County Agricultural High School is a member of Southern Association of Secondary Schools and Colleges. Our graduates are admitted to all the colleges of the state without examination. To enter the work of the second year, students must bring a certificate showing that they have credits from an accredited school, or must validate the work by an entrance examination.

First semester, 2 hours per week. Credit, 2 semester hours.

The problems involved in selecting, care, operation, and arrangement of househoud equipment.

---

## DEPARTMENT OF MATHEMATICS

Mr. New

---

Notebooks are required in each Mathematics course for the solutions of both the originals and the more difficult problems of the text and such practical exercises as may be thought necessary from time to time. The work in these books will be graded strictly and counted in determining period and final averages.

### Math 11—College Algebra.

First semester, 3 hours per week. Credit, 3 semester hours.

A rapid review of the fundamentals of Algebra, followed by the study of each subject as the theory of equations, permutations and combinations, binomial theorems, determinations, logarithms, and theory of equations.

### Math 12—Trigonometry.

Second semester, 3 hours per week. Credit, 3 semester hours.

This course includes an intensive study of trigonometric formations, the development of the formulats and their applications in the solution of practical problems in surveying, navigation, and computation of tables of natural functions.

### Math 13—Solid Geometry.

Offered 1st semester if there is sufficient demand.  
Credit, 3 semester hours.

Much care is taken that the student may acquire accuracy, thoroughness and above all, the right conception of the three dimensions principles.

**Math 21—Analytical Geometry.**

First semester, 3 hours per week. Credit, 3 semester hours.

In this course are studied the straight line, circle, ellipse, parabola, hyperbola, and tangents to these conics.

**Math 22—Analytical Geometry.**

Second semester, 3 hours per week. Credit, 3 semester hours.

This is a continuation of Math. 21, taking up translations of axis, transformation of coordinates, polar coordinates, and locus problems.

**Math 23—Elementary Surveying.**

Offered second semester if there is sufficient demand.

Three hours per week. Credit, 3 semester hours.

To meet and ever increasing demand, a course in land surveying will be offered. The student will be taught the engineer's transit, to run lines, form actual field notes, to plot surveys and compute areas.

**DEPARTMENT OF MODERN LANGUAGES**  
Miss Williamson

**French**

**Fr. 11—Elementary French.**

Study of the principles of Spanish Grammar, pronunciation, conversation; dictation; reading of elementary texts.

**Sp. 21—Advanced Spanish.**

Prerequisite: Sp. 11 or two years high school Spanish. Credit, 6 semester hours.

Three hours per week throughout the year.

Advanced composition and conversation with translation from Spanish Literature.

## DEPARTMENT OF MUSIC

### Miss Gewin

The maximum number of units for high school credit is two. To secure this number of units the following requirements must be met:

(a) Two hours (2 periods of not less than 30 minutes each) per week of private instruction in applied music; one period of class instruction in the theory and history of music; six hours (one sixty minute period each day) per week of home practice.

(b) For this amount of study and practice in each year, one-half unit of credit will be allowed provided at least two years of preliminary study has been made.

### College Music

In order to begin college music, Czerny studies from Op. 299 Book I., Nos. 8 and 9 must be played from memory. All major and minor scales (harmonic form) must be played in moderate tempo. The first movement of a sonatina and 2 melody studies must be played from memory. Candidates for diploma in music present a public recital.

#### M. 11—Selections from Noted Composers.

Two periods per week throughout the year. Credit, 2 semester hours.

Czerny, Opp. 299; Books II., III., IV.; Bach Three Part Inventions Haydn Sonatas, No. 4, 5, 7, 10, 11, 12, 13, and 14. Curlitt Mimosen and easy Mendelssohn Songs Without Words selections from Modern composers suited to this grade.

#### M. 21—Advanced Selections.

Two periods per week throughout the year. Credit, 2 semester hours.

---

**DEPARTMENT OF SCIENCE**

Mr. New and Mr. Branch

---

**Sc. 11, 12—College Biology.**

Mr. Branch.

Two hours of recitations and one double laboratory period per week throughout the year. Credit, 6 semester hours.

The purpose of this course is to develop in the pupils an usable knowledge of plants and animals indigenous to the soil and climate of Holmes County and surrounding counties to create interest and ability in the study of higher sciences.

In this course the structure, life processes and habits of plants and

animals will be studied. Facts and principles learned will be closely correlated with human life.

### Sc. 15, 16—General Chemistry.

Mr. New.

Two hours lecture and 2 hours laboratory per week for year. Credit, 6 semester hours.

A general education demands a knowledge of chemistry. A general view of chemistry by the public is fundamental to commercial progress. This course is intended for that student who is seeking a knowledge of chemistry as part of a liberal education. It is a non-technical course. It should be taken by that student who needs chemistry in his profession, or who intends to take more chemistry in college.

### Sc. 21, 22—General Inorganic Chemistry.

Mr. New.

Three hours lecture and four hours laboratory per week for year. Credit, 10 semester hours.

This is a technical course intended for those students who need chemistry in their chosen work.

### Sc. 23—Hygiene.

Offered each semester, 2 hours per week. Credit, 2 semester hours.

This course is designed to meet the needs of the student just starting on a college career. Anatomy and physiology are discussed, but the emphasis is placed upon hygiene, of rest, study, recreation, habit, exercise, and extra-curricular activities.
